ABOUT US

ATC GROUP INDIA is an established and reputed Exporter, Importer, Trader and Wholesaler of all Agro products Like spices, oil seeds, food grains, dry fruits & nut, pulses, rice, fresh fruits & vegetables, to all over the world.

We are the Second Generation in the business of Spice Trading, Exporting & Importing. We have enriched ourselves with vast experience from the earlier Generation and we continue to provide the best to our clients. We have developed a reputation for ourselves over the years and are now are known face in the market. Our vision is to become the One stop destination for all your Spices & Seasonings across the industries, retail and food service segments. We are constantly innovating to provide customers across the globe with high quality product and value for money.

Spices have been used for centuries to flavour and enhance the food taste. It was common practice to grind or process the raw or whole spices as part of the meal preparation. In today's busy world, many people don't have the time to do this, that's where the Spice traders can save you time with a wide range of whole and processed spices, spice mixtures, curry powders, masalas to help enhance your culinary efforts and provide you the flavours that you crave for.

We are also indenting agents, your search for indenting agents ends here, we are key player in the international indenting business. Backed by an extensive global network we source variety of Spices to our clients across. We are indenting agent based in Mumbai providing solutions for buying houses, specializing in Spices.

Our expertise embraces the following activities:

- > We ensure premium quality merchandise
- > We guarantee the most competitive prices
- > We assure prompt delivery

OUR EXPERTISE

Experties of ATC Group of India

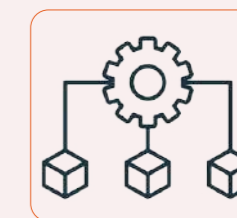

Quality Policy

We make sure that the products that we offer are of supreme quality. Additionally, we are providing our team members adequate guidance, knowledge and supervision with great innovation opportunities. Adhering to stringent quality standards, we have come a long way in this domain.

Our Team

The success that we have attained wouldn't have been possible without the assistance of a dedicated team of professionals. The efficiency of our workers surely helps us to gain a strong client base. Moreover, the team members are dedicated towards offering superior quality products to the clients.

Our Infrastructure

We have well-established infrastructure wherein all modern equipment are installed and used to meet specific client requirements. A good infrastructure and a dedicated team of professionals are our biggest assets. We keep updating our infrastructure to keep up with the changing market scenarios.
